

RendSafe
Remote Solutions
SOUTH AFRICA

ABOUT US

*RendSafe is Africa's largest distributor offering inert ordnance, inert explosives, replica weapons, and IED training aids.

*These training aids can be applied in classroom settings for recognition (EORE), Countermine, IEDD and OPFOR training.

CUSTOM PROJECTS

Manufacturing capabilities include, but are not limited to, weapons, ordnance, IEDs, and explosives. We can work with your requirements to build custom training products for static or functional training. We can also make training aids in durable urethane, metal, and with moving parts.

CAPABILITIES

TRAINING AIDS & KITS

Our replica training aids offerings include 1000's of various Mines, Rockets, Weapons, Missiles, IEDs, CBRNe/WMDs, Mortars, Grenades, and Explosives. You can now accomplish 100's of different training scenarios with our many product lines.

EQUIPMENT

RendSafe also carries equipment for your consideration. Contact us for Bomb Suits, EOD Tool Kits, Disruptors, EOD Robots, Firing Devices, Body Armor, UAV Drones, Portable X-Ray Systems, Chemical/Explosive Detection Devices, and Metal Detectors.

IN-PERSON TRAINING

Our partner company MAC-7 Training is known for its in-depth training courses. The training programs include Demining, CBRNe/WMD, Tactical CIED Operators Courses, and Advanced EOD/IEDD Training. These courses can be performed at a location of your choice. Contact Us for more information.

TRAINING FACILITY CONSTRUCT

Looking to build a training facility? We have the ability to build them! Our company can assist with large construction projects to build any type of Military or Humanitarian Training Facility in Africa. Contact us for more info.

NGO/HUMANITARIAN SUPPORT

NGO and Humanitarian agencies favor our products for large-scale projects. We can provide EORE/UXO educational aids, Train the Trainer Support, Ordnance/IED recognition posters, and demining equipment. Contact us for your next project to see how we can provide solutions for your mission.

SOUTH AFRICA

EDUCATE, TRAIN, AND PREPARE

With over 1,000 International training products, these are ideal for Recognition Classrooms (EORE), OPFOR, EOD/IEDD, CBRNe, Counterterrorism, and Countermine training. Many of these products can be ordered with metal inserts for metal detection training. Below are some examples of our recent work.

TRAINING KITS

FUNCTIONAL IED TRAINING KIT

RendSafe South Africa offers dozens of turn-key Training Kits that come ready to use.

Many of these kits come with blast simulators for realistic Countermine, Counterterrorism, and EOD training.
